conversation

Cheshire Crimebeat and Cheshire High Sheriffs have worked with ROC before and we fully support their excellent work. A ROC Conversation is a brilliant community consultation tool and we know it will produce results. We will certainly be there on the night to get involved.

COMMUNITY
CONSULTATION
WITH RESULTS

A **ROC Conversation** is a community consultation with results. It aims to bring together members of the local community, including representatives from community groups, Police Service, Fire and Rescue, NHS, local authority, MPs, Housing Associations, churches and faith based groups, Universities, Colleges and schools and many other agencies. Following the event each participant receives a detailed report and we agree an action plan to set up projects which meet social needs identified at the consultation.

- Over 150 ROC Conversations throughout the UK
- Statutory agencies and community groups working together
- A positive experience
- Discovers and Celebrates what's already happening
- Identifies community need
- Lasts two hours
- A conversation that leads to action

- **Lymm High School 7-9pm, Wednesday 5th October**
